

INTERNSHIP OPPORTUNITIES in Math and Science Education

Gain experience needed for Teaching Credential Programs

CalTeach/MAST I: **GEL/EDU 081**

Explore what it means to teach and learn
in an elementary school classroom.

CalTeach/MAST II: **GEL/EDU 181**

Investigate what it means to teach and learn in
middle school STEM classrooms.

CalTeach/MAST III: **GEL/EDU 183**

Explore lesson design, facilitate student learning,
and teach lessons in high school STEM classrooms.

Conceptual Integrated Science: **GEL 185 A & B**

Experience inquiry-based, hands-on lessons that meet
the K-6 Next Generation Science Standards.

Learning Assistant Program: **GEL 186 + 198**

Assist graduate Teaching Assistants in teaching and guiding
undergrads in Calculus, Physics, Biology and Chemistry
discussion sections.
